## VISION

- Enhance the image of ICAI amongst various statutory bodies so that ICAI has a better role in policy making related to various laws.
- Enhance the recommendatory scale of fees based on the size of Practicing Firms, City, etc. and to make it mandatory.
- Bridge the gap between the Small and Medium Practitioners (SMP's) and the multinational service providers, ensuring a level playing field and better professional opportunities to SMP's.
- Work for the benefit of young members whereby reasonable and proper opportunities are available to fresh Chartered Accountants enabling them to hold the highest ethical values of our profession.
- Enhance the acceptability of the profession through regulatory mechanism by strengthening and making it more transparent and independent.
- Encourage and enhance the active role of members in the industry.
- Develop and propagate the Ethical values amongst the individual Chartered Accountants so that they can serve for the betterment of the nation.
- Promote austerity measures at ICAI – by redirecting the resources to more important areas of the profession rather than mere cost cutting.
